

OneWorld Classrooms

Building bridges of learning between the classrooms of the world.

Serving K-12 Schools and Out of School Time Programs

OneWorld Classrooms is a nonprofit that builds bridges of learning and understanding between US and global K-12 classrooms within the context of the curriculum. We provide innovative arts and technology-based programs and services that give students opportunities to 1) share, collaborate and explore with their global peers; and 2) gain the skills, knowledge and cultural awareness they need to improve their academic achievement and become globally competent individuals. Since 2009, we have involved over 12,000 students from 41 countries. Please visit our Web site for more information:

Programs and Services

- ◆ **Amazon Rain Forest School Project**—Travel with our adventure team, from the comfort of your own classroom, to the Amazon Rain Forest; receive curriculum-based electronic content and interact with K-12 students from the Amazon through Skype and video!
- ◆ **International Art Exchange**—Exchange student artwork with K-12 classrooms from around the globe!
- ◆ **Student to Student Language Lab**—Learn a foreign language directly from students who speak it as a first language!
- ◆ **Amazon Rain Forest School Project—Volunteer-Travel Opportunity for Teachers/Educators**—Travel (physically) with our team of educators in late February, 2012 as we visit schools in the Amazon!

"OneWorld Classrooms has changed the way I teach; it has enabled me to teach aspects of world cultures that can't be seen with a text book and has enabled my students to travel the world without leaving our classroom. My students have opened their 'cultural eyes' and developed deeper understandings of world cultures." 3rd Grade Teacher
